Dear Friends,

Funding for district parks is an absolute priority. Access to local parks and outdoor recreational activities improves health, safety, and quality of life for generations to come.

After years of strong advocacy, California is delivering on its promise to increase park resources in the community. Coachella Valley is celebrating over \$38 million in state parks grants. These funds will be used to create new and improve existing parks around the region.

For more information or assistance, please contact the Coachella Valley district office, (760) 347-2360, or visit asmdc.org/gv.
